

USA Swimming would like to cordially invite all 3rd, 4th, and 5th graders from your school to the FINA World Junior Swimming Championships this August 23rd-28th. The event will be held at the Indiana University Natatorium on the campus of IUPUI with approximately 1000 of the world's fastest 18 and under swimmers representing over 100 countries at the competition. Many of these athletes will go on to represent their countries in the 2020 Olympic Games in Tokyo, Japan.

During this event we are thrilled to be offering a unique educational opportunity where students can learn about countries, play games, win prizes, and interact with international athletes while fulfilling the Indiana State Academic Standard #3-Geography. Each grade will be assigned a country and seated in a designated area at the Natatorium. Participating schools will receive notification of their country approximately two weeks prior to the event. We have space available on four days, Wednesday August 23rd-Friday August 25th and Monday August 28th. The activities will take place between 9:30am-11:30am each day at the Natatorium with times flexible based on school schedules.

There is limited space for this once in a lifetime opportunity. To reserve your class's space or any questions, please contact Annie White at awhite@usaswimming.org

Thank you!
